NewYork-Presbyterian Hospital/Weill Cornell Medical Center

and

Robert T. Grant, MD, FACS

Adjunct Associate Professor of Clinical Surgery, Department of Surgery, Weill Cornell Medical College
and Chief of the Division of Plastic and Reconstructive Surgery and Associate Attending Surgeon
New York-Presbyterian Hospital

are pleased to announce the appointment of

David Otterburn, MD

as

Assistant Professor of Surgery

David Otterburn, MD, has joined the Division of Plastic and Reconstructive Surgery in the Department of Surgery as an Assistant Professor of Surgery at Weill Cornell Medical College and an Assistant Attending Surgeon at New York-Presbyterian Hospital/Weill Cornell Medical Center. Dr. Otterburn's clinical expertise includes plastic and reconstructive surgery. He has additional training and specialization in microvascular surgery for complex reconstructions throughout the body, utilizing 3-D imaging and other state-of-the-art technologies to obtain optimal outcomes. A special focus includes microvascular breast reconstruction with perforator flaps from the abdomen (DIEP), buttocks (SGAP, IGAP) and thigh (PAP).

Dr. Otterburn performs breast reductions, lifts and augmentations utilizing minimally invasive methods such as endoscopic and short scar techniques when possible. His surgical expertise also includes oculoplastic reconstruction and reconstruction following Mohs surgery. He offers patients both facial aesthetic and body-contouring procedures, as well as botox and injectables.

A board-certified general surgeon who has completed his plastic surgery training, Dr. Otterburn has received numerous honors and awards in academics, teaching and research. He received his B.A. in political science with honors from Rutgers University, New Brunswick, New Jersey in May, 1997. During his program, he was selected for the BA/MD program from 1995 through May 1997. Dr. Otterburn received his M.D. from Robert Wood Johnson Medical School, Piscataway, New Jersey in May, 2000. He completed his internship in general surgery at Cooper University Hospital, Camden, New Jersey in June, 2001, and his general surgery residency at Thomas Jefferson University Hospital, Philadelphia in June, 2007. Dr. Otterburn completed a plastic surgery residency training program at Emory University Hospital, Atlanta, Georgia in June, 2010, and a microsurgery fellowship at New York University Medical Center, Department of Plastic Surgery, New York in June, 2011.
